Scholarship  
Page 2

Eighteen holes of golf on a great layout with your friends, customers and co-workers; scramble format [meaning that anybody can participate and everyone contributes]; lots of contests for those so inclined; an outstanding steak buffet dinner; and prizes galore. It just keeps getting better year after year!

The best part is having fun and helping to raise money for the EAR Scholarships and programs provided by the association. A real winner for everyone!

**Join Us!** Cost to enter the tournament is \$90 per person [if registered by June 19<sup>th</sup>] and includes golf, cart, lunch, buffet dinner and prizes. Can't come for golf? Join us for dinner for just \$25 per person. Registration forms are on the web at [www.earoch.com](http://www.earoch.com), on your favorite distributor's counter or can be obtained by calling the EAR office at 585-538-6350.

### Sponsorships Available!

You can make sure your company is among those who have identified themselves as supporters of this worthy event. Hole Sponsorships are available for just \$60.

### Prizes Needed!

Prizes would be greatly appreciated. Individual value should be approximately \$15 or greater. Donations indicated on Registration/Sponsor form will be recognized in program.

## A message from President Rob...

The warmer weather indicates summer is here and with it brings many vacations and time off of work. EAR committee members, however, don't take the summer off. Most of our Executive Committee will travel to Baltimore, Maryland in July to participate in the Annual Conference hosted by the International League of Electrical Associations [ILEA] where they will share with and learn from other associations across North America.

The Education Committee is busy planning several timely programs for the Fall and the Construction & Maintenance Committee is busy as well planning their monthly programs that begin in October with the Annual Tool Show. I encourage you and your company to take advantage of these educational programs.

The Electrical Association provides an important service to our industry. We come together as one organization with a common cause: to promote the safe and efficient use of electricity in the Rochester community... but we also like to have some fun as well!

The Clambake Committee is busy planning our 53<sup>rd</sup> Annual Clambake to be held at the Webster Columbus Center on September 23<sup>rd</sup>. Finally, our Golf Committee is wrapping up the final details for the 29<sup>th</sup> Annual Invitational Golf Outing at Lima Country Club that's coming up soon on July 13th. Your sponsorship and prize donations will be greatly appreciated. Please plan on joining us on the golf course or, even if you are not a golfer, come join us for dinner at the new club house.

Enjoy your summer!

## Scholarship Applications to be mailed in October

The Electrical Association of Rochester will once again award two (2) Academic Scholarships of \$1000 each to be used towards the cost of tuition in the 2010-2011 academic year and two (2) School to Work Scholarships of \$500 each to be used towards the cost of tools in the calendar year 2010. Members of the Electrical Association of Rochester and Registrants of the Construction and Maintenance Division, their children, and/or wards are eligible to apply.

Scholarship Applications will be mailed this October and will be available on the EAR website at [www.earoch.com](http://www.earoch.com).

## CMD Sponsorships Needed!

The Construction & Maintenance Division [CMD] Committee of the Electrical Association of Rochester will be kicking off another great season of informational programs for the electrical community. From October through May, CMD offers monthly educational programs to keep attendees up-to-date on the latest innovations in the field along with tabletop displays of electrical products and services before and after every program.

The CMD Committee is working harder than ever this year to further increase attendance at each program. The pizza, wings, soda and cash bar after the program encourages attendees to stay after to network and further interact with the vendors. Along with attending a meaningful program, your sponsorships and tabletops are a big reason why people register and attend as well. The CMD program cannot happen without you!

Attendees enjoy your company product displays as well as the prizes [primarily tools] raffled off every month. Don't let your company miss out on **seven great opportunities to meet with 100+ registrants face to face each month and show your products and services.**

Details will soon be mailed and will be available at your favorite distributor's counter and on the web at [www.earoach.com](http://www.earoach.com).

### Special Thanks To OUR 2008-2009 CMD Sponsors
